DISCUSSION AND REPORT 2019-20

STUDENTS FEEDBACK

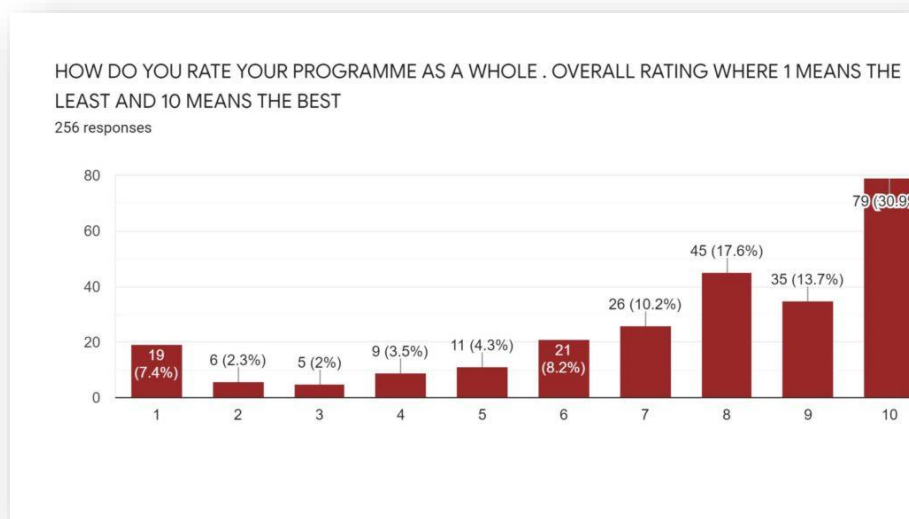

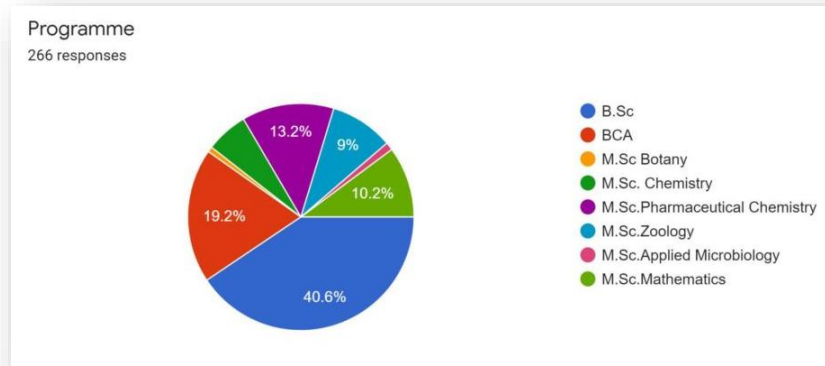

Owing to the pandemic situation examinations were delayed in session 2019-20 and so were the results. Lockdown was imposed on 22nd March 2020, and the session was in progress that time. As a policy college procures feedback from passing out students only when the academic and evaluative work is completed so that students can give fair feedback without any inhibition in their minds. The feedback was taken and kept in the statutory body meeting on 28th June 2021

Following students appeared in Final year examination in 2019-20

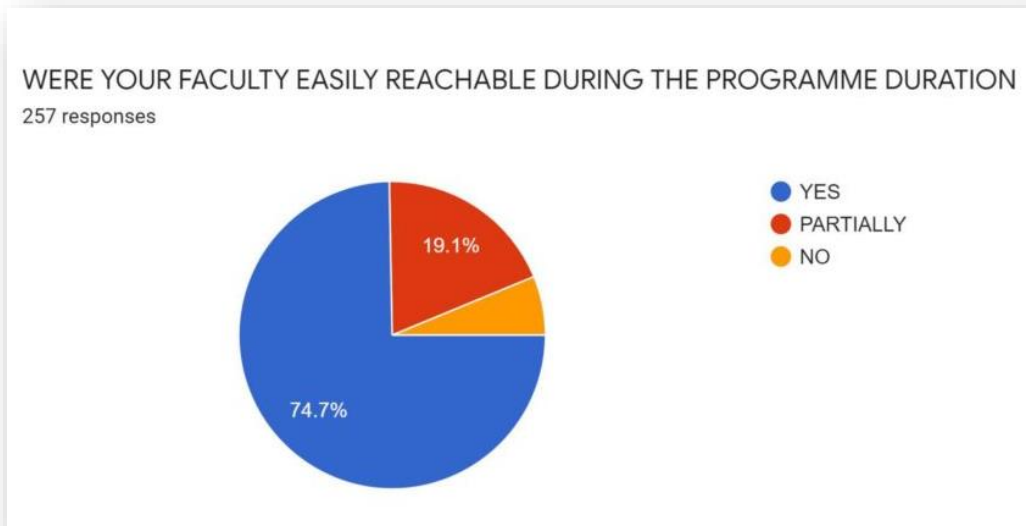

PROGRAMME	NO OF STUDENTS
B.Sc	545
BCA	53
M.Sc Applied Microbiology	20
M.Sc. Botany	13
M.Sc. Chemistry	17
M.Sc. Mathematics	76
M.Sc. Pharmaceutical Chemistry	23
M.Sc.Zoology	25

A sample of 266 students participated in online feedback exercise and answered various questions

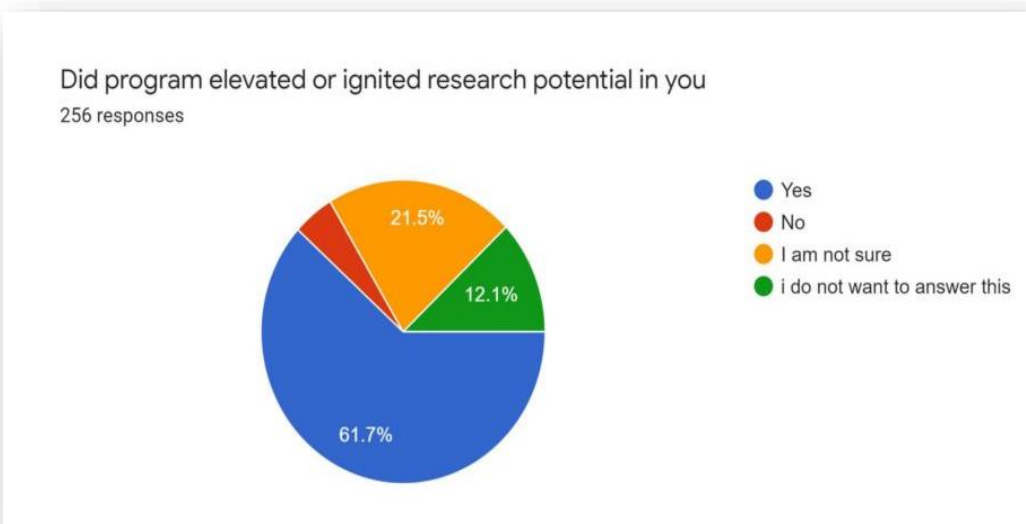

31% Students found their programme of study as the best option for them, however 7% students felt that their programme of study could not be rated as the best option for them , these students were not satisfied with the programme. Taking a serious note of that Statutory body passed the mandate that from the next session students should be provided enough counselling during admission process about the course they are opting as this will reduce the level of discomfort about the course in students as well as teachers will be able to understand the expectations of students. As the dissatisfaction was not there about the

faculty, 74.4% students reported that the faculty were easily reachable during the programme/ course

61.7% students found programme to be interesting enough to ignite Research Potential in them

RECOMMENDATIONS OF STATUTORY BODY ON THE BASIS OF OBSERVATIONS of IQAC

- ❖ Counselling about the course offered and chosen by the student
- ❖ Though college is offering many vocational trainings leading to employability of the students, but still need is there to provide training to students to make them more market ready and employable
- ❖ Starting of a student research lab dedicated to UG and PG students to enhance the research potential in these students,
- ❖ More mentoring sessions to find about the expectations about the programme of study through Teacher guardian scheme

Accepted and approved on 28th June 2021

Communicated to HODs for necessary action.

(Staff meeting 28th June 2021)
