

VISION

To be a value-driven Institute providing quality education in science which thrives for producing scholars with concern and care for environment and society that will best serve the nation in the 21st century.

MISSION

- Committed to be an institution with innovation and inclusivity by practicing value driven excellence in teaching research and social responsibility
- Pursue science and its dissemination to the community at large.
- Create, sustain and apply learning ethics in an interdisciplinary environment for scientific ethical, ecological and economic aspects of national service

To impart widely applicable skill-sets to students through flexible course offerings and support industry's requirement and inculcate a spirit of innovation
