Academic Counselling Cell

Academic journey after passing out from school and beginning life at a college is a total metamorphosis, there are opportunities, challenges, peer pressure, and thus while adapting to the situation students always find them into crossroads and sometimes lend them into tight corners themselves. There are only 3 years to mentor them academically and make them ready from employer's angle. To take care of academic needs of the students, as an Internal Quality Assurance cell initiative Academic Counselling Cell is constituted in the college with 07 senior faculty members as permanent members, one of the faculty member act like the director of academic counselling cell. There are 08 junior faculty members appointed on rotation

Members at Academic Counselling Cell understand that everyone needs to be listened to at some time in their life. They are always there for students who need a listening ear.

Cell organises programmes and provide services to both slow and fast learners. Services are totally free and students may reach out to the members of the cell for guidance related to academics. Interactions are kept confidential.
