GOVERNMENT OF MADHYA PRADESH EDUCATION DEPARTMENT

Bhopal, the 30th July, 1973

No 7126/5879/20-5/73

To

All the Principals,
Government Degree and Post-graduate Colleges,
Madhya Pradesh.

Subject — Students-teachers relationship and more serious involvement of teachers and students in academic work, etc

In continuation of this Department circular letter No. 3112/20-5, dated 9th June 1970 authorising the Principals to assign college work to teachers, it is strongly felt that the teaching work should not be confined merely to class room lecture work. There should be real teaching through living contacts between the teachers and the students so that the academic life becomes a serious pursuit.

2. With this end in view it is desired that the Principals of colleges should so arrange the time table that the teachers are required to stay in the college for at least four hours. The stay of the teachers in the college during the periods when they are not engaged in the classes for lectures should be utilised for tutorials.

TG regularly interacts with the student and help them feel comfortable especially when they are fresh in the first year. The name and contact number of the TG's are communicated to the parents, through website and students so that they can interact for any assistance and information desired. In addition there is a Counsellor who can assist students if they are facing stress and are getting mentally disturbed. Teacher guardians make a dedicated **Register Of Mentee** and enters all the mentee related information in that register. Parents are encouraged to write problems faced by their wards in the specified columns. Mentee also make themselves visible through Register of mentee **(ROM)**. **ROM** helps in keeping the information intact and easily available as and when required. Mentee are in contact with the same mentor for 3 years, this makes them comfortable with the teacher and also help teacher in identification of specific problems related to mentee. Parent Teacher meet is a regular practice adopted by the teacher guardian cell. An exhaustive feedback is taken during the parent teacher meet and analysed. Feedback is kept in the statutory body also.

Salient Features:
